

Category: [Fibers](#)

As of: 07. September 2010

URL: <http://www.drymix.info/industry-directory/fiber/>

[Hexion Specialty Chemicals](#) (English)

Supplier of polyamide fibers (Rhoimat NYL).

[CFF GmbH & Co. KG](#) (English, German)

Manufacturer of cellulose fibers (from 20µm to 2500µm; Technocel®) for the use in paints, tile adhesives, renders and bituminous products. Cellulose fibers act as crack reducer (reinforcement), anti-sagging agent as well as rheologic additive and lightweight filler.

[J. Rettenmaier & Söhne GmbH + Co. JRS](#) (English, German)

Manufacturer of cellulose fibers (Arbocel) and wood fibers (Lignocel).

[Lambda Furtherance by](#) (English)

Manufacturer of technical acrylic fibers (Tradename Pancea).

[Lenzing Fibers](#)

Manufacturer of alkali resistant and high tenacity acrylic fibres (Tradename Dolanit).

[Fabrino Produktionsgesellschaft mbH & Co. KG](#)

Manufacturer of fibers (PP, glas, steel) for concrete and drymix mortar applications, also providing specialty concrete admixtures and concrete surface treating systems (for decorative purposes).

[Forta Corporation](#)

Manufacturer of polypropylene fibers.

[Montefibre S.p.A.](#)

Manufacturer of polyester, polyacrylnitrile and acrylic fibres for the use in paints and drymix products (tradenames Ricem, Leacril, Terital, Fidon FR).

[Green Jeans insulation, Inc.](#)

Manufacturer of recycled cotton fibers from worn jeans for the use as sound insulation mats, thermal insulation mats and as reinforcement fiber.

[Michael Engelbrecher e.K., ME-Fasersysteme](#)

Manufacturer of steel fibres for concrete applications.

[Polypropylene Fiber Industry](#)

Manufacturer of polypropylene fibers for mortars and concrete. Also offering steel fibers for shotcrete. Located in Turkey.

[Propex Corporation \(ex SI Corp.\)](#)

Manufacturer of a wide range of fiber types for concrete reinforcement: Steel fibers (Novotex, Xorex, Novocon) and polypropylene fibers (Fibermesh, Harbourite, Stealth) as well as blends thereof. Offers also nylon fibers (Caprolan-RC, manufactured by Honeywell).

[Elasto Plastic Concrete Inc.](#)

Supplier of synthetic fibers (high tensile strength modified polyolefine), especially developed for shotcrete. Trade name: Barchip.

[Ashland-Südchemie-Kernfest GmbH](#)

Distributor for carbon products of Osaka Gas Chemicals Co., Ltd., among other products: carbonized fibers, graphitized fibers, and activated carbon fibers.

[Swicofil AG](#)

Distributes polypropylene fibers (made by more than 20 different european manufacturers) for use in concrete (to prevent micro cracks) in the marlets outside Western Europe.

[Baumhueter Extrusion GmbH](#)

Manufacturer of fibers for concrete and mortar applications (PP, PE, tradename PB Eurofiber; english website currently not available, we link to german site).

[Mikro-Technik GmbH & Co.KG](#)

Cellulose powder and granulated cellulose. Some grades are coated with stearic acid.

[Heinrich Osthoff-Petrasch GmbH & Co.KG](#)

Inorganic fibres (calcium silicate, wollastonit), glass fibers, cellulose fibres, and synthetic fibers (only parts of website in english). Located in Germany.

[Otavi Minerals GmbH](#)

Distributor for stainless steel fibres of Fibretech to the German market. Several types of high temperature resistant fibres for use in fireproof building materials.

[Schwarzwälder Textilwerke Heinrich Kautzmann GmbH \(STW\)](#)

Short chopped fibres (length 0.2 to 24 mm): cotton, jute, sisal, polyamide, polyester, polyacrylonitrile, polypropylene, polyvinyl alcohol, aramid, carbon and glass fibres and mineral wool; polyamide, polyester, polyacrylonitrile, polypropylene, polyvinyl alcohol, white and black cellulose/viscose and carbon fibres; highly-fibrillated polyethylene, polypropylene, and polyacrylonitrile pulp.

[Central Fiber Corporation](#)

Manufacturer of reinforcing cellulose fibers used in asphalt based products, coatings, and mortars.

[Ako, A. Kolckmann GmbH](#)

Manufacturer of acrylic and polypropylene fibres for the use as reinforcement for drymix mortars.

[Vetrotex Cem-FIL S.L.](#)

Manufacturer of alkali resistant glassfibres (AR glassfibres). Rovings and chopped strands (length: 3 to 40 mm). Cem-FIL® for the prevention of cracks and fiber-reinforced concrete. Part of Saint Gobain group.

[Engineered Fibers Technology, LLC](#)

Supplier of short cut fibres (0.5 to 25 mm), pulps and fibrillated fibers. Fibres based on polyester, nylon, acrylic, PAN (polyacrylonitrile), PTFE, PVA, polypropylene, polyethylene, melamine (Basofil, heat and flame resistant fiber) and several others. Acrylic and lyocell pulps. Provides contract cutting services for short fibers.

[Spajic d.o.o., Bukovce](#)

Manufacturer of steel fibres and steel shot as blasting media. Located in Serbia And Montenegro.

[Willi Krampe Strahltechnik GmbH & Co. KG](#)

Manufacturer of steel fibres made of carbon steel, cold rolled strips, and stainless steel, as well as micro-fibres made of carbon steel. English version currently not available (FL Nov 04).

[Jelu-Werk, Josef Ehrler GmbH & Co.KG](#)

Producer of cellulose powders and cellulose fibres (Jelucel) as well as softwood/hardwood powders and fibres (Jeluxyl).

[Jiangsu Danyan Synthetic Fibre Co., Ltd](#)

Producer of fibres used for controlling permeability and cracking of concrete. (Dan-Strong)

[SPI Muhendislik ve Dis Ticaret Ltd.Sti. / Fiberforce](#)

Manufacturer of steel and polypropylene fibers for the modification of concrete and drymix mortars.

[Climacell, Cellulose Werk Angelbachtal \(CWA\) GmbH](#)

Producer of cellulose fiber grades with fiber lengths between 0.1 and 2 mm.

[Minifibers, Inc.](#)

Manufacturer of short cut fibers (acrylic, Nylon, polyester, polypropylene, Rayon) and pulps (polyethylene, polypropylene).

[Bekaert NV](#)

Manufacturer of steel fibers for the reinforcement of concrete.

[Nippon Electric Glass Co., Ltd. \(NEG\)](#)

Manufacturer of high zirconia alkali-resistant glass fibres. Produces a variety of strand lengths and two types of chopped strands: The high integrity type disperses as strands and the water dispersible type disperses into

drymix.info

The International Community for Drymix Mortar

filaments in the matrix of cement mortar.

[Rath AG](#)

Producer of alumina-silica fibres and alumina fibres.

[CreaFill Fibers Corp.](#)

Cellulose fibers as functional additives made from alpha cellulose (CreaTech) and recycled cellulose (CreaMix).
