

Category: [Microspheres, Microballoons](#)

As of: 25. April 2024

URL: <http://www.drymix.info/industry-directory/microsphere/>[Boud Minerals](#)

Manufacturer of microspheres.

[Poraver GmbH](#)

Manufacturer of a layered, calcined silicate (tradename Metapor), a pozzolanic by-product of the expanded glass production.

[Spherefill \(Suek-Baltic\)](#) (English)

Manufacturer of various gradations of hollow spheres (cenospheres) for the use in mortars and other building and industrial applications

[Dennert Poraver GmbH](#)

Manufacturer of expanded glass micro spheres for the use in drymix mortars - process based upon recycled waste glass.

[Advanced Minerals Limited](#)

Producer of hollow alumino-silicate spheres in several grades with particle sizes ranging from 5 to 300 microns. (Cenolyte)

[Omya Fillite Ltd.](#)

Producer of hollow ceramic spheres (alumino-silicate). Trade name: Fillite Cenospheres (former Trelleborg/SE activity) used as lightweight filler in paints, plastics compounding and mortars.

[3M](#)

Producer of glass bubbles (soda-lime-borosilicate glass) and ceramic microspheres (silica-alumina ceramic). Trade names: Scotchlite, Zeeospheres, Z-Light Spheres.

[Potters Industries LLC](#)

Producer of solid and hollow ceramic and glass microspheres (trade names: Extendospheres, Q-CEL, Spherichel).

[AshTek Corporation](#)

Producer of alumino-silicate microspheres (Cenospheres), (website currently out of order).

[Jebsen & Jessen \(GmbH & Co.\) KG; JJ Glass Bubbles](#)

Supplier of hollow glass microspheres.

[Asia Pacific Microspheres Sdn Bhd](#)

Producer of hollow spheres out of phenolic resin. Located in Malaysia.

[Expancel \(Akzo Nobel\)](#)Producer of microspheres consisting of a polymer shell encapsulating a gas. When the gas inside the shell is heated ($> 100^{\circ}\text{C}$), it increases its pressure and the thermoplastic shell softens, resulting in an increase in the volume. The product range includes both unexpanded (1000 g/L) and expanded microspheres (30g/L), as dry powder or slurry or paste (wet cake). Trade name: Expancel.[Noble International S.A.](#)

Producer of glass microspheres with various shapes, spherical and multicellular. Trade name: Noblite.

[Envirospheres Pty Ltd](#)

Manufacturer of ceramic micro-filler (aluminium silicate). Trade name: E-Spheres. Located in Australia.

[Omega Minerals Germany GmbH](#)

Producer and distributor of various microspheres (glass and ceramic).

[Sika Addiment GmbH](#)Supplier of polymer microspheres (particle size $<100\text{ }\mu\text{m}$) in pasty form for use in concrete and mortar (former Sika Addiment GmbH). Located in Germany.

drymix.info

The International Community for Drymix Mortar

[Ziegler & Co. GmbH](#)

Distributor of glass microspheres (Noblite), a product of Noble International. Located in Germany.
