

Category: [Pigments](#)

As of: 20. April 2024

URL: <http://www.drymix.info/industry-directory/pigment/>[BASF SE](#)

Manufacturer of organic and inorganic pigments, dyes and preparations (pigment mixtures). Trade names: Heliogen, Lithol, Paliocrom, Paliogen, Paliotan, Paliotol, Sicolux, Sicopal, Sico, Sicotan, Sicotrans, Variocrom, Sicomix, Luconyl, Sicoflush.

[Italcementi Group](#)

Manufacturer and licensor of a daylight active photocatalytic substance for the use in air purifying renders based in adiabatic titanium dioxide (tradename TXActive)

[Genky Chemical Co., Ltd. \(now Zhejiang Netsun Co. Ltd.?\)](#)

Nano-grade transparent iron oxide pigments and dispersions. The products are divided into two categories, solvent-borne and water-borne with a color range of yellow, red, green, black and brown.

English website no longer available. Located in China.

[Ferro Corp.](#)

Producer of pigments and colors, especially complex inorganic color pigments and high infrared radiation reflecting pigments.

[Hangzhou Synox Pigments Co., Ltd.](#)

Manufacturer of synthetic iron oxide pigments as well as transparent iron oxides, magnetic iron oxides and micaceous iron oxides (Tradename Synox).

[DuPont Titanium Technologies](#)

Titanium dioxide pigment grades for a wide range of end use applications; even nano-titanium dioxide. (Ti-Pure)

[Yil-Long Chemical Group Ltd., Tionox Div.](#)

Manufacturing and marketing organisation for titanium dioxide pigments Tionox, anatase and rutile grades of Chinese origin.

[Nubiola Pigmentos SA](#)

Manufacturer of inorganic pigments, some of them specifically designed for the use in mortars and concrete.

[Keystone Aniline Corporation](#)

Dyes for Polymers, Inks & Coatings: Fluorescent dyes, thermo-chromatic pigments, color changing dyes, near infrared absorbing dyes and other specialties.

[Tongchem](#)

Synthetic iron oxide pigments. Basic product varieties cover 30 types, including iron oxide red, yellow, black, orange, brown and green. Furthermore chrome oxide green, ultramarine blue, titanium dioxide (anatase and rutile) as well as organic pigments (yellow, orange, red, phthalocyanine blue & green). Tongchem is a Chinese manufacturer and exporter.

[WorlÃ©-Chemie GmbH](#)

Manufacturer of pigments and dyes such as carbon black, fluorescent pigments, titanium dioxide, chrome-nickel-titanium, organic pigments, iron oxides, pearlescent pigments.

[Schlenk Metallpulver GmbH & Co.KG](#)

Aluminium (powder, flakes, granulate), copper and copper-alloys (especially Goldbronze).

Hrsg.: Carl Schlenk AG

[Shijiazhuang Jirong Chemical Co., Ltd.](#)

Manufacturer of chrome oxide green. From China (English version of website currently out of order).

[Cathay Pigments \(Deutschland\) GmbH](#)

Pigments used for colouring of concrete and coatings: Iron oxides (powder, granulate, slurry), chromium oxide

drymix.info

The International Community for Drymix Mortar

green, complex inorganic colour pigments (i.e. cobalt blue).

[BASF SE \(former Ciba Specialty Chemicals\)](#)

Manufacturer of pigments for inks, paints, and plastics.

[Holliday Pigments Ltd.](#)

Manufacturer of Ultramarine pigments. Blue is the dominant colour, but ultramarine violet and pink are available, too. Furthermore they manufacture a range of Manganese Violet pigments.

[Kremer Pigmente Dr. Georg Kremer](#)

Offers more than 500 different pigments for all kinds of painting techniques, especially historic pigments for fine arts and restoration.

[Cabot Corp.](#)

Manufacturer of Carbon black ("Black Pearls").

[Kronos Worldwide, Inc.](#)

Manufacturer of titanium dioxide pigments with global presence (15 production locations).

[BASF SE, former Engelhard Corporation](#)

Inorganic and organic pigments (powder and dispersions); various effect pigments.

[Harold Scholz & Co. GmbH](#)

Pigments used for colouring of concrete and coatings: Iron oxides (powder, granulate, slurry), chromium oxide green, mixed metal oxides, titanium oxide (Anatase), and carbon blacks (powder, slurry).

[Prochem AG](#)

Distributor of pigments (manufactured by Ciba and Kerr-McGee) to the Swiss market.

[Shanghai Yipin International Pigments Co. Ltd](#)

Producer of iron oxide pigments, chrome pigments, anticorrosive pigments and magnetic iron oxide.

[Heubach GmbH](#)

Producer of anticorrosive pigments, nickel- and chromium titanate pigments, spinel pigments, pigment mixtures, pigment preparations. (Heuco, Heucodur, Heucorox, Heucotron)

[Omnicon A/S](#)

Powder pigments and liquid colors for concrete products, ready-mix concrete and bitumina industry. Product range includes dosing equipment.

[Krahn Chemie GmbH](#)

Aluminiumpastes, aluminiumpowder, iron oxides, organic pigments, pigment pastes and pigment concentrates.

[Crimea Titan, Armyansk](#)

Producer of titanium dioxide.

[Elementis Specialties, Inc.](#)

Pigment dispersions. [registration required]

[Anirox Pigments Limited](#)

Producer of synthetic iron oxide pigments manufactured through aniline route. (India)

[Huntsman Tioxide](#)

Producer of titanium dioxide pigments for use in construction coatings.

[Bruchsaler Farben GmbH & Co. KG](#)

Manufacturer of lead chromates, bismuth vanadates, and mixed pigments.

[BASF SE](#)

Manufacturer of preparations of organic and inorganic pigments in paste-form (Dispers, Pigmosol).

[Lanxess AG \(former Bayer AG\)](#)

Colorants for the coatings and construction materials industries (bayferrox and chromium oxides).

[Eckart GmbH & Co. KG](#)

Metallic, pearlescent, holographic and thermochromic effect pigments.

[Benda-Lutz Werke GmbH](#)

Produces metal pigments and metal powders.

drymix.info

The International Community for Drymix Mortar

KG Deutsche Gasru  werke GmbH & Co

Producer of carbon blacks and pigment blacks.

Gustav Grolman GmbH & Co. KG

Distributes pigments and pigment preparations: Carbon black, titanium dioxide, azo pigments, cadmium pigments, cerium pigments, manganese violet, organic pigments phthalocyanine pigments, ultramarine pigments.

Sachtleben Chemie GmbH, part of Rockwood Group

Manufacturer of white pigments and extenders: Titanium dioxide (Hombitan  , anatas and rutil), zinc sulfide (Sachtolith), and special compounds of barium sulfate and zinc sulfide (Lithopone). Titanium dioxide nano grades (Hombitec), developed specially for wood preservation.

Wolstenholme International Ltd

Producer of speciality metallic pigments, metallic inks, vacuum metallised pigments, and carbon black dispersions.
