

Category: [Fillers, Pozzolana](#)

As of: 08. December 2025

URL: <http://www.drymix.info/industry-directory/filler/>[Omya AG](#) (English, German)

Global manufacturer of calcium carbonates and talcs for coatings, adhesives and building products.

[Damolin A/S](#)

Mining and refining of amorphous silicate ("Moler") for the use as functional lightweight filler in coatings, mortars and concrete.

[BASF SE, former Engelhard Corporation](#)

Compounder of specialty kaolin extended pigments (tradename Lumogen).

[Ziegler & Co. GmbH](#)

Fillers for Paints and Wall Finishes, for adhesives and building specialties: White muscovite micas, natural barytes, kaolins, lightweight filler (Noblite), glass powders, marble chips.

[Gebr. der Dorfner GmbH & Co. Kaoline und Kristallquarzsandwerke KG](#)

Manufacturer of quartz and kaolin sands (Dorsilit).

[Sachtleben Chemie GmbH, part of Rockwood Group](#)

Manufacturer of barytes used as fillers in the coatings industry.

[Mondo Minerals OY](#)

Producer of talc products (Finntalc, Micro-Talc, Westmin).

[Mahlwerk Neubauer-Friedrich Geffers GmbH](#)

Grinds mica and coconut shells. Produces Muscovite mica in different particle size distributions from 0-50 µm up to 1-5 mm. Coconut shell granule and coconut shell flour are produced and distributed under the brandname Coconit. Furthermore talc is distributed.

[Vitro Minerals, Inc.](#)

Manufacturer of pozzolanic glass fillers from recycled glass for cementitious applications (tradename VCAS).

[Advanced Cement Technologies, LLC, PowerPozz](#)

Manufacturer of metakaolins with pozzolanic behaviour for use in drymix mortar, also fumed silicas (early strength development).

[Dionyssomarle Co., S.A.](#)

Producer of marble dust and marble aggregates for the use in cement/lime renders and other drymix products. Also manufacturer of drymix products (greek site under dionyssomarle.gr).

[Orcem \(Ecocem\)](#)

Manufacturer of pozzolanic cement based upon ground & granulated blast furnace slags (GGBFS).

[Hälgan AB](#)

Metal powders with different particle size, particle shape and chemical composition (iron, steel and other alloys).

[Georg Schumacher Handelsgesells. mbH](#)

Calcium carbonate for use as filler in coatings, adhesives and building products. Various grades with different colour and particle size distribution.

[Lehmann & Voss & Co. \(LuV\)](#)

Offers about 70 different grades of magnesia.

[Tubag Trass Vertrieb GmbH & Co. KG](#)

Producer of trass (rhine trass; in powder form).

[ROTEC GmbH & Co. KG Rohstoff-Technik](#)

Manufacturer of finely ground silicate powders for use as pozzolanic additive in concrete and mortar applications

(Tradename: Rotobase)

[Luzenac Group](#)

Producer of talc for coatings, mortar and hygienic applications. Luzenac is one of the largest talc manufactureres and is focussed entirely onto Talc in all grades. Luzenac has operations on all continents.

[BASF AG \(former Engelhard Corporation\)](#)

Producer of high reactivity metakaolin, an aluminosilicate pozzolan formed by calcining purified kaolinite. It is white and does not darken concrete as silica fume does. Conform to ASTM C 618, Class N (natural) pozzolan specifications. (MetaMax)

[China Jilin Shanwei Wollastonite Mining Co., Ltd.](#)

Wollastonite (various particle sizes), talc powders, barite powders.

[Hoffmann Mineral GmbH & Co. KG](#)

Functional fillers based on Neuburg siliceous earth, a natural combination of corpuscular quartz and lamellar kaolinite. Available with different particle size distributions and a range of brightness from white to yellow. (Sillitin, Sillikolloid, Aktisil)

[HM-PPW, Produkty Polimerowe Wypelniacze](#)

Manufacturer of decorative fillers based on quartz, marble and granite.

[Dirk Group, Pozzocrete](#)

Manufacturer of fly ash and pozzolanic materials for the use in cement and concrete applications. Located in India.

[Gibca Mineral INdustries Co. \(L.L.C.\), Ajman, UAE](#)

Manufacturer of calcium carbonates.

[Ecka Granulate GmbH & Co. KG](#)

Air-atomized metal powders for the sintering industry, for the manufacture of brake linings and the electrical industry for the manufacture of carbon brushes and solder pastes. Metal powders of: Aluminium and aluminium alloys, copper and copper alloys (bronze, brass), silver-coated copper, tin and alloys, lead and alloys, zinc, magnesium and alloys, calcium.

[Erbslöh Lohrheim GmbH & Co. KG](#)

Produces kaolins for use as filler, also surface-modified, hydrophobic, china clay (Advafill).

[BASF SE, Kaolin Division](#)

Manufacturer of kaolins for the application in coatings, mortars and concrete (tradename MetaMax and others).

[Eduard Merkle GmbH & Co. KG](#)

Producer of calcium carbonate fillers and extenders. (trade marks: Ulmer Weiss, Juraperle, Omyacarb, Criscarb, Calciroll)

[Shenyang DMT Jinding Building Material Co., Ltd.](#)

Supplier of Wollastonite (no information on website in english).

[Quarzwerke GmbH](#)

Quartz and surface treated fillers based on quartz, cristobalite, aluminium hydroxide, calcinated kaolin and others.

[Solvay Chemicals, Inc.](#)

Ultrafine coated precipitated calcium carbonate ("PCC") for use as rheological modifier in polysulfide, polyurethane and silicon adhesives and sealants (Socal, Winnofil).

[20 Microns Ltd.](#)

Manufacturer of highly reactive calcined clay (metakaolin) for concrete applications.

[Holcim Ltd.](#)

Manufacturer of blast furnace slag (several grades with different particle size).

[Geomin Erzgebirgische Kalkwerke GmbH](#)

Specialized in the mining recovery and preparation from dolomitic and calcitic marble to fillers, fine sands, powders, terrazzo-granulations as well as road and concrete aggregates. (Saxolith, Saxocarb, Saxogran,

drymix.info

The International Community for Drymix Mortar

Saxorund) [D-09514 Lengefeld]

[Alpha Calcit F&A1llstoff GmbH & Co. KG](#)

Manufactures products based on calcium carbonate, talc, titanium dioxide and aluminium hydroxide.
