

Category: [Pigments](#)

As of: 02. May 2026

URL: <http://www.drymix.info/industry-directory/pigment/>

[Nubiola Pigmentos SA](#)

Manufacturer of inorganic pigments, some of them specifically designed for the use in mortars and concrete.

[Shijiazhuang Jirong Chemical Co., Ltd.](#)

Manufacturer of chrome oxide green. From China (english version of website currently out of order).

[Hangzhou Synox Pigments Co., Ltd.](#)

Manufacturer of synthetic iron oxide pigments as well as transparent iron oxides, magnetic iron oxides and micaceous iron oxides (Tradename Synox).

[BASF SE](#)

Manufacturer of preparations of organic and inorganic pigments in paste-form (Dispers, Pigmosol).

[Eckart GmbH & Co. KG](#)

Metallic, pearlescent, holographic and thermochromic effect pigments.

[Gustav Grolman GmbH & Co. KG](#)

Distributes pigments and pigment preparations: Carbon black, titanium dioxide, azo pigments, cadmium pigments, cerium pigments, manganese violet, organic pigments phthalocyanine pigments, ultramarine pigments.

[Anirox Pigments Limited](#)

Producer of synthetic iron oxide pigments manufactured through aniline route. (India)

[Schlenk Metallpulver GmbH & Co.KG](#)

Aluminium (powder, flakes, granulate), copper and copper-alloys (especially Goldbronze).

Hrsg.: Carl Schlenk AG

[Omnicon A/S](#)

Powder pigments and liquid colors for concrete products, ready-mix concrete and bitumina industry. Product range includes dosing equipment.

[Tongchem](#)

Synthetic iron oxide pigments. Basic product varieties cover 30 types, including iron oxide red, yellow, black, orange, brown and green. Furthermore chrome oxide green, ultramarine blue, titanium dioxide (anatas and rutil) as well as organic pigments (yellow, orange, red, phthalocyanine blue & green). Tongchem is a chinese manufacturer and exporter.

[Harold Scholz & Co. GmbH](#)

Pigments used for colouring of concrete and coatings: Iron oxides (powder, granulate, slurry), chromium oxide green, mixed metal oxides, titanium oxide (Anatase), and carbon blacks (powder, slurry).

[Shanghai Yipin International Pigments Co. Ltd](#)

Producer of iron oxide pigments, chrome pigments, anticorrosive pigments and magnetic iron oxide.

[Prochem AG](#)

Distributor of pigments (manufactured by Ciba and Kerr-McGee) to the Swiss market.

[Crimea Titan, Armyansk](#)

Producer of titanium dioxide.

[WorlÃ©e-Chemie GmbH](#)

Manufacturer of pigments and dyes such as carbon black, fluorescent pigments, titanium dioxide, chrome-nickel-titanium, organic pigments, iron oxides, pearlescent pigments.

[Bruchsaler Farben GmbH & Co. KG](#)

Manufacturer of lead chromates, bismuth vanadates, and mixed pigments.

[Huntsman Tioxide](#)

Producer of titanium dioxide pigments for use in construction coatings.

[Genky Chemical Co., Ltd. \(now Zhejiang Netsun Co. Ltd.?\)](#)

Nano-grade transparent iron oxide pigments and dispersions. The products are divided into two categories, solvent-borne and water-borne with a color range of yellow, red, green, black and brown.

English website no longer available. Located in China.

[DuPont Titanium Technologies](#)

Titanium dioxide pigment grades for a wide range of end use applications; even nano-titanium dioxide. (Ti-Pure)

[Sachtleben Chemie GmbH, part of Rockwood Group](#)

Manufacturer of white pigments and extenders: Titanium dioxide (Hombitan[®], anatas and rutil), zinc sulfide (Sachtolith), and special compounds of barium sulfate and zinc sulfide (Lithopone). Titanium dioxide nano grades (Hombitec), developed specially for wood preservation.

[Kronos Worldwide, Inc.](#)

Manufacturer of titanium dioxide pigments with global presence (15 production locations).

[Yil-Long Chemical Group Ltd., Tionox Div.](#)

Manufacturing and marketing organisation for titanium dioxide pigments Tionox, anatase and rutile grades of chinese origin.

[Keystone Aniline Corporation](#)

Dyes for Polymers, Inks & Coatings: Fluorescent dyes, thermo-chromatic pigments, color changing dyes, near infrared absorbing dyes and other specialties.

[Ferro Corp.](#)

Producer of pigments and colors, especially complex inorganic color pigments and high infrared radiation reflecting pigments.

[Holliday Pigments Ltd.](#)

Manufacturer of Ultramarine pigments. Blue is the dominant colour, but ultramarine violet and pink are available, too. Furthermore they manufacture a range of Manganese Violet pigments.

[BASF SE](#)

Manufacturer of organic and inorganic pigments, dyes and preparations (pigment mixtures). Trade names: Heliogen, Lithol, Paliocrom, Paliogen, Paliotan, Paliotol, Sicolux, Sicopal, Sico, Sicotan, Sicotrans, Variocrom, Sicomix, Luconyl, Sicoflush.

[Benda-Lutz Werke GmbH](#)

Produces metal pigments and metal powders.

[BASF SE \(former Ciba Specialty Chemicals\)](#)

Manufacturer of pigments for inks, paints, and plastics.

[KG Deutsche GasruÄYwerke GmbH & Co](#)

Producer of carbon blacks and pigment blacks.

[Cathay Pigments \(Deutschland\) GmbH](#)

Pigments used for colouring of concrete and coatings: Iron oxides (powder, granulate, slurry), chromium oxide green, complex inorganic colour pigments (i.e. cobalt blue).

[Wolstenholme International Ltd](#)

Producer of speciality metallic pigments, metallic inks, vacuum metallised pigments, and carbon black dispersions.

[Kremer Pigmente Dr. Georg Kremer](#)

Offers more than 500 different pigments for all kinds of painting techniques, especially historic pigments for fine arts and restoration.

[Italcementi Group](#)

Manufacturer and licensor of a daylight active photocatalytic substance for the use in air purifying renders based in adiabas titanium dioxide (tradenname TXActive)

[Krahn Chemie GmbH](#)

drymix.info

The International Community for Drymix Mortar

Aluminiumpastes, aluminiumpowder, iron oxides, organic pigments, pigment pastes and pigment concentrates.

[Cabot Corp.](#)

Manufacturer of Carbon black ("Black Pearls").

[Lanxess AG \(former Bayer AG\)](#)

Colorants for the coatings and construction materials industries (bayferrox and chromium oxides).

[Heubach Group](#)

Producer of inorganic pigments, for the use in cementitious mixtures such as concrete and drymix mortars (nickel- and chromium titanate pigments, spinel pigments, pigment mixtures, pigment preparations. (tradenames Heucodur, Vanadur, Aquis)

[Elementis Specialties, Inc.](#)

Pigment dispersions. [registration required]

[BASF SE, former Engelhard Corporation](#)

Inorganic and organic pigments (powder and dispersions); various effect pigments.
