The International Community for Drymix Mortar

Category: [Rheological Additives](#)

As of: 03. July 2025

URL: <http://www.drymix.info/industry-directory/rheological-additive/>

[BYK Additives Ltd.](#) (English)

Manufacturer of various types of rheological additives for drymix applications based on layered silicates (Optibent). Former Rockwood Additives, former SÄ1d-Chemie AG.

[Rhodia PC&S](#) (English)

Supplier of precipitated silicas, Xantham gums, succino glycanes and Guar Gums as stabilizers, rheology modifiers and water retention agents (Rhoximat RH, Tixosil).

[Sepiolsa \(Rheoplus\)](#)

Manufacturer of clay based rheological additives such as sepiolite, bentonite, hormite, stevensite-kerolite, attapulgite (tradename Rheoplus). Part of Minersa Group.

[The Dow Chemical Company](#)

Manufacturer of high molecular weight water-soluble poly (ethylene oxide) polymers. Molecular weights range from 100,000 to about 8,000,000. (Polyox®). Products have a thickening effect in cementitious mortars and influence the workability of the wet mortars.

[Zhejiang Huate Group](#)

Manufacturer of organoclays (bentonites; Huate Chemical Co. Ltd.)

[Hexion \(former Momentive\)](#)

Supplier of xantham gums and succino-glycan (Rhoximat RH).

[Southern Clay, Inc., part of Rockwood Group](#)

Manufacturer of bentonites and smectites for the rheologic modification of coatings.

[Cebo Holland bv](#)

Mining and refining of bentonites (amongst other minerals, focus is on drilling aids).

[Jiangsu Shangyong Commerce and Trade Co.,](#)

Manufacturer of various grades of Xanthan Gum.

[Meihua Group](#)

Producer of Xanthan Gum.

[Colltec GmbH & Co. KG](#)

Distributor for chemical admixtures, such as cellulose ethers, Xanthan gum.

[Diamix](#)

Manufacturer of fine Diatomite powder for use as functional additive in drymix mortars (amongst others)

[Noveon, Inc.](#)

Manufacturer of thickeners, suspending agents and stabilizers (Carbopol). Most polymers are high molecular weight homo- and copolymers of acrylic acid crosslinked with a polyalkenyl polyether, available as powders and liquid.

[CP Kelco U.S., Inc.](#)

Producer of Xanthan gum (Kelzan), Welan gum (Kelco-Crete K1C376), and Diutan gum (Kelco-Crete 200).

[Diransa San Luis SA.](#)

Manufacturer of various rheological additives for construction products, company also manufactures acrylic dispersions.

[Yil-Long Chemical Group Ltd., Bentogel Div.](#)

Manufacturing and marketing organisation for organo clay bentonites (tradename: Bentogel), various polarities and solvent bases of chinese origin.

[Cimbar Performance Minerals Co.](#)

Manufacturer of organoclays such as sodium bentonites and calcium bentonites.

[CHT Group](#)

Produces highly substituted polygalactomannan ethers and polysaccharides for use as thickener and water retention agent in drymix mortars and polymerdispersion-based systems. (Agocel)

[Schlenk AG](#)

Manufacturer of aluminium powders used as expansion agent to prevent cracking in renders and grouts.

[UD Chemie GmbH](#)

Xanthan Gum.

[AzRosPromInvest LLC](#)

Manufacturer of bentonites for use in civil engineering and as rheological additive in drymix mortars.

[BauMineral GmbH](#)

Manufacturer of ultra-fine reactive aluminosilicates for the use in concrete and in mortars. Effects: water reduction, rheological modification (Microsit).

[Minelco](#)

Mining various aggregates and rheological additives such as bentonite, marble dust, specified aggregates. Part of LKAB Group.

[Hangzhou Camp-Shinning Co. Ltd.](#)

Mining and manufacturing of organoclays (Bentonites) for use as rheological additives in mortars.
